Excerpts From Our Customers

"This project insures far into the future our ability to care and maintain this fine museum and the precious contents it holds. I look forward to a continued working relationship with your companies…" Charisse Cooper, Facility Manager, Philbrook Museum of Art

"The project was completed in a timely manner and within the available budget. Saint Francis Hospital is appreciative of the efforts expended by the design and construction team and looks forward to additional projects with this group on future projects."

Mike Mullins, P.E. Director of Engineering, Saint Francis Health Systems

"We would like to take this time to express our appreciation of the excellent work you and your team have performed at the Expo Square Phase III Projects…" "We would not have met the opening day of the Fair Deadline if not for their efforts and willingness to work with Flintco."

Mark Knowlton, Project Manager and Paul Kelley, Project Superintendent, Flintco

"I would like to express my appreciation to [Project Superintendent] for his outstanding job in assisting with the Building 59 Boiler Stack Testing At Robins Air Force Base. [Project Superintendent] was instrumental in overseeing the operation of the boilers during the three days of testing to ensure compliance with the Environmental Protection Agency's regulatory requirements."

Rebecca McCoy, P.E. Chief, Environmental Management Division,
Department of the Air Force, 78th Air Base Wing (AFMC) Robins Air Force Base Georgia

"Over the course of my career, it is unusual for staff to make so many positive comments about contractors on campus working so hard, being so polite, and being so sensitive to their/our needs. So, thanks for being a great partner with us as we continue to upgrade and improve our facilities…."

Dr. Lloyd Snow, Superintendent, Sand Springs Schools
